Thank you for your invaluable support in championing Each Moment We're Alive's cancer support and wellness services. This letter of understanding aims to provide you with a comprehensive overview of the proposed solutions we offer to support those affected by a cancer diagnosis, while also assisting your business.

Value Proposition: By partnering with businesses like yours that prioritize supporting survivors throughout their cancer journey, we are able to offer a full suite of cancer support and survivorship programming specifically tailored to women impacted by cancer. While the cancer support network may be tailored for women, it is important to ensure you that all employees, including male employees, will be supported, and included. Our services go beyond the traditional handouts and webinars, providing live support and interactive sessions that truly make a difference. In recognition of your support, we will prominently display your logo and contact information on our website, enhancing your brand visibility and demonstrating your commitment to social responsibility.

Scope of Work: Each Moment We're Alive is committed to delivering exceptional cancer support services to those affected by cancer. As part of this partnership, we will provide the following:

1. **Cancer Support Navigator:** Our experienced team at Each Moment We're Alive, Inc. (EMWA) will collaborate closely with you or your staff to offer personalized phone-based support for employees (male or female) impacted by cancer. This includes providing essential and timely information, acting as a valuable referral resource, and serving as an advocate during their cancer journey.
2. **Cancer Support Sessions:** Your female employees will have free access to attend and actively participate in our weekly cancer support sessions. These sessions create a safe and nurturing environment where individuals can share their experiences, learn from others, and receive guidance from our expert facilitators.
3. **Cancer Survivorship Program:** We are pleased to offer participation in our Living a New Day, Eight Week, Personalized Cancer Survivorship Program. This comprehensive program empowers women cancer survivors to navigate life after cancer, focusing on physical, emotional, and mental well-being to ensure a smooth transition and a fulfilling future.
4. **Monthly Newsletters:** Stay informed and connected with our monthly newsletters, which provide updates on upcoming events, new support resources, and inspiring stories of hope and resilience.
